

Fishing Small Flies - This format covers the techniques and methods of fishing small or micropatterns, including nymphs, emergers, and dry flies. Learn the basics of fishing with small flies, and dispel the myth that you have to see the fly to catch fish. Fishing small demands a change in rigging, flies, and techniques. Let me show you some tips that will allow you to fish small successfully like you never have been able to before. This lesson is 3-4 hours in length, and is available by appointment just like the other lessons, and from 6:00am - 8:00pm.

Cost: \$60 (1) person

\$100 (2) people

\$30 each additional beyond 2 people
