

What people think of my rods!

Cecil,

Just a note to let you know that I really enjoy rod you built for me. It performs as well as commercial rod I own that cost twice as much. It is a great looking and casting rod.

Dear Cecil,

The new 8.5ft-5 wt is a great rod. It's very powerful, smooth and accurate. You have a knack for building fly rods that feel great to cast and perform at both short and long distances. Also the 7ft-3 wt has become my favorite because it is so versatile. I have paid a lot more for rod that perform a lot less.

Mark Bishop, Cary, NC

Cecil,

The 7ft-3 wt Middle Creek is one of the finest rods I have ever fished.
